\* The employment percentage is calculated by dividing the number of graduates employed in field by the number of graduates available for employment within the reporting period.

Number of Graduates Employed in Field  
 Number of Graduates Available for Employment

Graduates within 150% of Program Length  
 Number of Students Available for Graduation

™The following data reflects the results for graduates of the Practical Nursing program who took the National Council Licensure Examination for Practical Nurses (NCLEX-PN) during the cohort periods as required by the Accrediting Commission of Careers Schools and Colleges. The NCLEX-PN is a standardized examination administered by the National Council of State Boards of Nursing that Practical Nursing program graduates must pass in order to be licensed to practice as a practical nurse. The results provided in this disclosure may differ from the data collected by the [Rhode Island Board of Nurse Registration and Nursing Education](#) who publishes results from NCLEX-PN first-time test takers for a reporting period that begins on January 1 and ends on December 31 of each year.
